

SHARING HOUSE

For over 42 years, Sharing House has been a source of compassion and empowerment for under-resourced Neighbors in our community.

PowerUp!

Many residents of Transylvania County experience crisis during the winter months and are unable to pay their essential heating bills. Each year, we coordinate a grassroots fundraising effort that keeps Neighbors safe and warm. We offer up to \$300 per household, paid directly to vendors, to keep power and heat on at home.

The Challenge

46%

Heating costs increased by 46% over the last year

Our Impact

900

We assist an average of 99 households with heating annually

"It's an impossible choice... do I pay my heating bill or buy food this week? Do I keep my children warm or fed? Thanks to Sharing House, I don't have to worry that my children will be cold or hungry."

~Sharing House Neighbor

HOW WE HELP

We cover past due balances and provide vouchers for electricity bills. We also help fill propane and heating oil tanks. We provide split and dried wood to Neighbors who use it as a primary heating source.

We partner with individuals, congregations, community groups, and corporations to raise funds for PowerUp!
